## THE COLLEGE.

### Walls of the New Building Now Going Up.

The brick layers began on the Kentucky Normal College building last Sunday and will prosecute the work with all possible haste. Mr. Bram, of Olive Hill has the contract. Another call of 20 per cent. on the description has been made, and payment on same is desired by the school.

In this connection we again call the attention of all parents and of all young men into whose hands this paper may fall, to the excellence of the Kentucky Normal College for obtaining a thorough education. It is now time to begin to think about what school you will patronize during the school year soon to open.

There are many schools throughout the country and the claims made for each render it difficult to judge as to which is the most desirable unless you look further into the matter. Results are what count, and it is to the results accomplished by the Kentucky Normal College that we call your particular attention. We say without reservation that there is no school, anywhere, that gives better results. The instructors are the best that can be had and they are personally interested in the success of the school.

If development of the mental faculties and genuine education is what you want, the K. N. C. is the place to get it.

### Ulysses.

There are several cases of pneumonia among the children at present. Miss Bertha Hannan is just recovering from a severe case of typhoid. Sam Cox, wife and children, of Thacker, W. Va., have returned home after a two week's visit with Mrs. Cox's father.

Our school will begin the 20th with Mrs. Mary Davis, teacher.

Farmers are about done their crops, which are looking well.

Mrs. Bertie Hurton, who was 85 years old died at the home of her son on Dragston about three weeks ago and was brought here to her former home for burial.

Mr. and Mrs. Grant Bently and wife and children are here the guests of Mrs. Bently's father, M. Morrison.

Since my last letter a little five year old son of Sanford Chandler and a three year old cousin were playing in a house containing some hay when the older boy suggested that they light some matches and set the hay afire just to see it burn. The door way being filled with hay the little fellows promptly made their escape through a hole in the wall and thus escaped being burned to death. The parents of the children were wild with excitement until they found the youngsters were safe. Eureka.

### Fatal Accident.

Rev. Fred Shannon's annual visit to home folks in this region, which was to have begun last week, was delayed by a shocking accident to two of his friends. He and his family had spent a week in the country on Long Island with Mr. and Mrs. Hutchings. Returning to Brooklyn they were carried fourteen miles in an automobile, accompanied by Mr. and Mrs. Hutchings. On their way home after having delivered Rev. Shannon and family safely at the station the automobile was wrecked, killing Mrs. Hutchings and so badly injuring her husband that his recovery is doubtful. Rev. Shannon remained until the funeral.

Rev. Shannon arrived here Wednesday evening. He has been invited to preach at the M. E. Church next Sunday.

### Accident at the Lock.

Last Friday Harrison Copley, who lives in Fort Gay and works for contractor J. C. Thomas on the extension of the Dam, had his right hand badly crushed and mangled. He was attending a concrete bucket that was being lowered into the water when he became entangled in it. Two men were caught, one of which was pulled off. Copley was taken to hospital where his injuries were attended to.

## Death of Two Old Citizens.

Peter Burgess, an old and highly respected citizen of this county, died at his home near Wilbur last Monday. He had been ill for some time. He was the father of M. M. Burgess, Chairman of the Republican County Committee, and of Mrs. Lewis Spencer.

Samuel Thompson died at his home on Little Blaine, after a long illness. He was the father of Mrs. George Picklesimer and Mrs. John Thompson, of Louisa. He was a good citizen and will be missed by the people of his community.

### Caney Fork.

Leonard Lester and Frank Walls were here taking pictures Friday.

Levi Webb sold a nice bunch of hogs at a good profit last week.

Mrs. McKinley was here Saturday visiting her son H. K.

Miss Goldie Pennington and others attended Sunday school at this place Sunday.

Jordan Hualey, of Needmore, was a business visitor here Monday.

Fred Stewart and mother passed through here Sunday en route to W. M. Green's at Webbville.

## AMOS DAVIS.

### Nominated for Congress by Democrats of Tenth District.

A telegram received just before we go to press says that Amos Davis, of Morgan county, received the nomination for Congress in the Tenth District.

Tenth District Democrats met at Irvine Wednesday to nominate a Congressman. It was anybody's race, as the following report to the Courier-Journal shows:

The only active candidates so far announced are Judge S. S. Taulbee, of Breathitt county, with the instructed delegations of Breathitt, Lee, Estill, Wolfe and Powell counties, 25 in all; Judge Amos Davis, of Morgan, with the instructions of the nine votes of his home county and Charles Howe, of Johnson county, four votes and Martin county, one vote; Coleman Rees, of Mt. Sterling, has the instructions of Montgomery county, eight votes; Judge John Gray, Elliott county, six votes; Jas. Hatcher, Pike county, 10 votes.

The one man in the district who could have the nomination for the asking is John C. C. Mayo, of Johnson county, and while he has positively declined to allow his name to be presented, he will get the complimentary vote of several counties on the first ballot.

One of the most important figures at the convention is L. C. Richmond, of Martin county, who has voted the county at every congressional convention for the past 38 years.

Mrs. Jas. Scanlon, formerly Miss Anna Burchett, of Yatesville, tried to kill herself at Charleston a few days ago by taking carbolic acid. She attempted suicide there several months ago by taking laudanum. It will be remembered that an ineffectual attempt was made here soon afterward to send her to the insane asylum.

## LEVISA DAM.

### Construction Will Be Started Within Next Thirty Days.

James Skene & Son, lowest bidders on the dam to be built in Levisa fork of Big Sandy river by the United States, were in Louisa Wednesday and at the site of the dam Thursday.

Their bid has not yet been accepted by the war Department, but they feel confident it will be within the next few days. The object of their visit here is to examine the point left on the ground by the receivers for the contractor who built the lock at Chapman. They were met here by Mr. Kahn, a representative of the receivers.

If awarded the work these gentlemen will get started within the next thirty days.

This dam is about nine miles above Louisa. The lock at this point was completed last year.

### Paintsville.

The funeral of the late Thomas S. Williams will be held at the mouth of Rush fork of Tom's creek, at the First Freewill Baptist Church, the Fourth Sunday in July.

Hubert Price, 18, son of Mr. and Mrs. Dan Price, fell from a box at the Paintsville Grocery Co.'s place of business, Friday afternoon and sustained injuries most severe. His physician, Dr. Williams, says the young man is suffering from concussion of the brain. His suffering has been almost agonizing and strong men have had to restrain at his bed most of the time, to keep him from leaping out of bed. At times his condition becomes more encouraging, but his final restoration to health is doubted. It is supposed that he got too hot while at work and that he swooned thus causing him to fall.

Harrison Borders, 19, was arrested Friday and returned to the Reform school from which institution he was recently released on parole. Young Borders is a son of Joe Borders, a farmer, living near Whitehouse, this county. He was sent to the Reform school three years ago at the instance of his father, who claims that his son has given him no end of trouble and has threatened to take his life. He was paroled only a few days ago and returned home and renewed hostilities with his father, who came to Paintsville and had Dan Price go and arrest him. The boy is either unusually mean or is losing his mind. At any rate he ought to be kept hitched up.

LATER—While conveying Borders to the Reform school, he escaped from the custody of Dan Price at Catlettsburg, and has not been heard of. It is thought he fled into the coal fields of West Virginia.—Herald.

The paving of Paintsville's streets is almost completed. This was the greatest step ever taken for the progress of this town.

The Inez base ball team came to Paintsville last Saturday and got its dose. Notwithstanding the fact that Inez brought along Lawrence McClure, a fine pitcher from Wayne, W. Va., the result of the game was disastrous to them just the same. McClure pitched a fine game but received poor support. Our boys played well. They have been defeated only once this year.

Mrs. Vinnie McClintock, who was the guest of Mrs. W. D. Pierce last spring, had a narrow escape from drowning last Sunday. She is summering at Ocean City, New Jersey, and on the day mentioned was bathing in the surf. She ventured too far, and on attempting to return she sank and was nearly drowned before she was rescued. It was Mrs. McClintock's birthday, and her Louisa friends are glad that it does not mark her untimely decease.

An officer from the State Reform School at Lexington came to Louisa yesterday and captured Milt Caperton, who escaped from there some time ago. The boy was taken completely by surprise.

## Buchanan.

Misses Lena Yost and Anna Wright and Mrs. Briley, of Catlettsburg, spent Sunday here the guests of Chas. Warren family.

Mrs. Walker and daughter, of Charleston, are visiting her daughter, Mrs. T. W. Smith.

Mrs. Frank Wellman was called to her home at Glenwood Sunday by a telegram announcing the death of her sister Maggie.

Earl Chapman and family, of Newport, Ky., are visiting at Mrs. Chapman's parents, Mr. and Mrs. Lindsey Layne.

Mr. and Mrs. J. B. Buckley attended the union meeting at Grassland Sunday.

Joe Compton is a business visitor in Milton, W. Va., this week.

Mrs. Keene Burchett and daughter, Belle, are up from Catlettsburg visiting relatives.

Chas. Fennin and family visited relatives at Bolts fork Sunday.

Miss Jessie Stewart and Edna Scifort, of Ashland are visiting Buchanan relatives.

G. H. McTague, who has been doing telegraph duties here, was removed to Morrowbone Sunday and Ope Stewart, of Denton, is manager here now temporarily.

Miss Gertrude Cyrus, of Lockwood, and O. M. Humphrey, of Ashland, were pleasant callers here Sunday.

The Children's Day program rendered here Sunday was decidedly the best the school has ever given. Much credit is due the untiring Supl. Dr. J. F. Hatten, also, Rev. Hicks and the young ladies for the manner in which the program was carried out. Some excellent music was furnished by Miss Ella Hinkle of Richardson. The crowd was large, the large building was not large enough for more than half who attended. The order was perfect.

A new organ has been purchased for the Sunday School.

A Rebekah lodge is being established at this place.

## FOREIGNERS.

### Immigration Agent In Kentucky Desires To Place Them.

Frankfort, Ky., July 8.—Information as to the importation of foreign laborers in Kentucky and the names of those desiring foreigners as employees are being secured by Elijah Green, Immigration Agent for Kentucky. He is busily engaged now in getting statistics covering the communities which are offering inducements for foreigners to come here to live, and he expects to be able to get the foreigners and those who want them into communication so that both can be pleased. Mr. Green has begun his work as Immigration agent and for the next six weeks will be engaged in finding out where the foreigners are needed most. In some sections desirable immigrants are greatly desired and efforts are being made to import families so as to provide servants. It is believed that the Immigration Agent may help in this and do a good work for the State by means of his activities.

### Mass Meeting on East Fork.

The mass meeting held on East Fork last Sunday under the direction of Rev. E. V. Perry was quite a success. There was large attendance and much interest. All the ministers on the program were present and the preaching occupied most of the day.

At Matewan last week Dr. T. D. Burgess' little son, a little more than a year old, drank coal oil. His life was almost despaired of for a few days. Mrs. Onolda Burgess, of Gallop, was called to Matewan to help nurse the child.

O'Neal & Carter, attorneys, have dissolved partnership. Mr. Carter continues to use the office at the foot of Main street. Mr. O'Neal has moved into the Alexander Lackey office. Attorney C. L. Miller also occupies this office.

## FIRST PRIZE.

### Goodwill McClure Is Awarded the Pony, Cart and Harness.

Big Sandy Against the World! Once more we win.

Little Miss Goodwill McClure, daughter of Prof. J. B. McClure, of this place, has won first prize in the contest which has been raging for several months between competitors from all over the United States. The prize consists of a Shetland pony, a cart and harness. The contest was conducted by a farm paper of Chicago. Twelve ponies were given away, but only one cart and harness. We announced last week that enough was known about the result to make it certain that the little Louisa Miss had won a pony. This information came from the publishers before the count was entirely completed. The final count showed that she had won first prize. She and her parents express their sincere thanks to all who helped in the contest. The only trouble she is having now is waiting for the outfit to come.

### Pikeville.

W. K. Steele is very seriously indisposed.

The County Sunday-School Convention here was a success. Mr. Vaughan, of Lawrence County, showed himself a skillful workman in the splendid organization.

Pikeville, Ky., July 8.—Hon. J. M. Bowling, who by agreement with J. P. Butler and I. G. Rice, withdrew from the contest for the nomination for Commonwealth's Attorney of this district, re-entered yesterday, by the consent of Hon. I. G. Rice, inasmuch as the agreement was at an end as soon as any other aspirant should enter. It was made known to Mr. Bowling that Hon. Henry Howes, of Paintsville had entered.

The Pikeville Republican says that "the contract to keep a full supply of water in the reservoir has been taken by W. K. Elliott. New machinery has been purchased and is being installed."

"In this connection we wish to suggest that the water works company should at once lay a new system of water mains. The old mains are fast giving out; hardly a day passes without a leak developing at some point in the city. The cheapest and only successful way is to lay an entirely new system. Let it be done this season."

Mr. W. T. Kane, of the State Department of Agriculture, was one of the lecturers at the Pike County Farmers' Institute held here last week. He is well pleased with the work done here. The teachers' institute divided the time so as to allow the teachers to attend. Most of them are farmers, or sons and daughters of farmers, and take considerable interest in agriculture. Being of the younger element and susceptible of adopting new methods they are really the class most desired to appeal to.

### Dr. Watson's River Contract.

Dr. M. G. Watson will resume work next Monday on his government contract at Catlettsburg. It will be remembered that this job was started last fall, but the Ohio river had a succession of rises so close together that very little was accomplished.

The work consists of building retaining and guide walls in Big Sandy river below the lock and dam which is located just above the mouth of this river.

Mr. Lucien S. Johnson has accepted the position of U. S. inspector and is assigned to this job.

### Teachers Institute.

The Lawrence county teachers' institute will be held at Louisa through the week beginning August 3rd. Prof. G. M. Elam, assisted by a local man yet to be selected, will conduct the institute. Prof. Elam is now located in Virginia.

## Fort Gayities.

A. V. Osburn is improving his store property by having it weather-boarded.

Second uniform examination for teachers will be held at Wayne July 23 and 24.

Mr. and Mrs. Pharo Osburn, of Holden, are here on a visit to Mr. Osburn's parents Mr. and Mrs. W. T. Osburn.

S. Z. Frasher has purchased a lot of L. F. Frasher, and will soon begin the erection of a handsome dwelling on it. We are glad to welcome such men in our midst.

Miss Mary Richey, of Guyanette, W. Va., is visiting Mr. and Mrs. H. F. Frasher this week.

Mr. and Mrs. L. B. Crum and two sons, Roby and Lynn, are here on a visit with relatives.

The citizens of Grant, Lincoln and Stonewall districts will vote on the stock law in the November election, and Butler district will vote on a change in the road law.

The South Penn Oil Co. has had quite a number of leases recorded on property near Echo which looks like something was going to be done in oil.

Dr. E. Lockwood made a trip to Prichard Monday, and discharged the last of the smallpox patients from quarantine. This cleans up Wayne county once more from that loathsome disease.—Leader.

## County S. S. Convention.

The Lawrence County Sunday School Convention held at Blaine last Friday, Saturday and Sunday was largely attended. Most of the speakers assigned for talks were present and handled their subjects admirably. It is said to have been one of the most successful annual meetings yet held.

### Withdraws From the Race for Congress in the Ninth District.

To the Democrats of the Ninth Congressional District:

Word has passed out all over the State that harmony should be the watchword of all Democrats in the State for the year 1908.

In compliance with that wish, and not desiring to have any confusion in this Congressional District over the nomination, I have concluded to withdraw my name as a candidate for the Democratic nomination for Congress in this district.

I am sorry, as I know my doing so will disappoint my friends, and I want to assure them that I no less appreciate their kind efforts in my behalf than I had secured the nomination, and I will ever hold in grateful remembrance all those who have been so kind as to proffer me their support in this race. And I do not feel the less kindly to those who did not support me. I have nothing but the kindest feelings for all for the treatment I have received, in my efforts to secure this nomination. However, I believe it to be to the best interests of the party and to myself not to continue in this fight. Assuring whoever may be given the nomination that he will have my cordial support, I am,

Yours truly,

ELLIS E. LAWRENCE.

### Confederate Veteran Camp.

A Camp of Confederate Veterans is soon to be established in Louisa. A request for such an organization has been made and a petition for its establishment has been numerously signed. It is thought that the time best suited for a preliminary meeting the first week of the next term of the Lawrence Circuit Court. There are many of the boys who wore the gray yet living in this county, and it is proper that they and their sons should have an organization.

Louis, Ky., May 6.

### Withdraws From Race For Democratic Congressional Nomination.

To the Democrats of the Ninth Congressional District:

When I announced myself for Congress in this District, there was but one candidate. Since then two others have announced. While I flatter myself that I have an equal chance to secure the nomination, there will necessarily be a heated contest, which will in the end, I fear, result in injury to the nominee, whoever he may be.

The battle cry of Democracy this year is unity and harmony, which, if it prevails, will, I am sure, bring victory to our party. This is a Democratic district, and the nominee will surely be elected in November. If the party is united, in the interest of unity and harmony within our ranks, and victory in November, I have decided, after careful thought, to withdraw from the race.

I have been a life-long Democrat and always work-d for the Democratic party and Democratic victory. I hold the success of the party and the good that success will bring to our people above any personal ambition I have.

I appreciate everything my friends have done for me in my race so far who have assured me of their untiring support until the end, and take this means of thanking them for their loyalty and support. I have been over most of the District, and the kind and courteous treatment I have received comes only from Kentuckians and could not be excelled, for which I am truly grateful.

I withdrew from this race confident of victory this fall if unity and harmony will prevail in the party. I appeal to the Democracy of the District to march shoulder to shoulder and elect the nominee, whoever he may be, who will receive my loyal support.

I again thank all my friends for their support and courteous treatment. Respectfully, Charles Kitchen.

## SHOW DAY.

Magnificent Display of New Sight Promised by Sun Brothers.

It is a matter of record that the Sun Brothers' Greater Progressive Shows, have received a fair portion of success in the Amusement Tent-field.

Ever since the inception of this show some seventeen years ago, it has been going along in a modest way never using any bombastic or boasting manners, however giving the public a first class, clean and always original show and invariably exhibiting many of the animal features procurable. These elements together with the policy of not allowing the introduction of anything with an off-color, has given the Sun Bros. much enviable prestige.

The show will come here by special railway service and will exhibit at Louisa, on Saturday, July 26th, performances will be given, matinee and night, at two and eight o'clock p. m.

The horses with this show are one of the predominant attractions. It is an old saying that "good horses make a good show." The Sun management evidently had this in mind when they arranged their show.

## Don't Neglect It

It is a serious mistake to neglect a weak heart. It is such a short step to chronic heart disease. When you notice irregularity of action, occasional short breath, palpitation, fluttering, pain in chest or difficulty in lying on left side, your heart needs help—a strengthening tonic. The other large interests which figure in the new road are those owned by John C. C. Mayo, who has control of the Indianapolis and Louisville Traction Company.

It proposes to mine its land, leaving development to other organizations. It holds already 75,000 acres of land acquired for cash or to stock. ### Home Circle Column.

#### A Column Dedicated to Tired Mothers As They Join the Home Circle.

#### TOMORROW'S SORROW.

There is little trouble That happens us today; It's the sorrows of tomorrow That drive our joys away.

We sometimes sit and wonder And stew and fume and fret For something may happen, But it hasn't happened yet.

There was once a lonely woman Who cried down by the sea; "What if my pretty children All should perished be!"

Now this particular woman, Who thus did cry and fret, Is still a maiden lady, So it hasn't happened yet.

#### HOW TO TELL HER AGE.

Girls of marriage age do not like to tell how old they are, but you can find out by following the sub-joined instructions, the young lady doing the figuring: Tell her to put down the number of month in which she was born, then to multiply it by two, then to add 5, then to multiply it by fifty, then to add her age, then to subtract 365, then to add 115 then tell her to tell you the amount she has left. The two figures to the right will tell you her age and the remainder the month of her birth. For example if the amount is 822, she is 22 years old and was born in the eighth month (August).

The need of some place to drop down for a moment and forget things is a crying one in most homes. There ought to be enough sofas around to accommodate all the family. Five minutes rest will prevent many a family row, and how can you get rest if you have to pull shams off the bed and roll up the coverlid? A shabby old lounge where you can get it is worth its weight in gold; and you won't want to die half so many times if you make use of it. The loosening of the tension for ever so few minutes may save your reason some day. Don't go out and try to walk off your worries; don't tell them to your friend, either. Just throw yourself down on the sofa for a little while; shut your eyes and pretend you have no cares. The worries will be lighter before you realize it, your brain will be clearer and your heart stronger to meet those that press closest.

If brothers or sisters err the world says "shun them, thus you will show that you disapprove of the act, making an example of them." Alas, how many examples we have of this mode of teaching crowding the haunts of infamy today. Once bright young lives, over whose pure lips and innocent brows mothers watched in all tenderness; but the treble of fat took one false step and so we shut them out of our hearts, out of our churches, and would thrust them out of heaven. Is it right, is it just, is it Christ-like?

#### ADVICE TO AN ENGAGED MAN.

If you think that a woman is any weaker minded than a man, stop where you are.

If you intend to treat yourself better than yourself, don't take one.

If you suppose that running the house consists in paying the bills, don't undertake it.

If you have an idea that you are too good for a picked up dinner, remain a bachelor.

If you have found it a hard task to be happy yourself, then don't try to make some one else happy.

If you have chosen a pretty woman without regard to her other qualities, halt, you are on the wrong road.

If you think that a house should have only one head, and that be yours, postpone your wedding indefinitely.

If you are of the opinion that marriage makes the man and wife one, and that you are that one, send in your regrets at once.

If you are one of the men who think that ten per cent of their income belongs to the tap-room, let marriage alone.

#### THE EVIL IN FRETTING.

There is one sin which seems to us is everywhere and by everybody underestimated and quite too much overlooked in valuation of character. It is the sin of fretting. So common that unless it raises above its usual monotone we do not observe it. Watch any ordinary coming together of people and see how many minutes it will be before somebody frets—that is, makes more or less complaining statement of something or other, which

most probably every one in the room, or in the car, or in the street corner, it may be, knew before, and which probably no one can help. Why say anything about it? It is cold, it is hot, it is wet, it is dry; somebody has broken an appointment; ill cooked food; stupidly or badly furnished somewhere has resulted in discomfort.

There are plenty of things to fret about. It is simply astonishing how much annoyance may be found in the course of every day's living, even at the simplest, if one only keeps a sharp eye out on that side of things. Even holy writ says we are prone to trouble as sparks fly upward. But even to the sparks flying upward in the blackest of smoke there is a blue sky above, and the less time they waste on the road the sooner they will reach it. Fretting is all time wasted on the road.

A girl that is not neatly dressed is called a sloven, and no one likes to look at her. Her face may be pretty, and her eyes bright, but if there is a spot on her cheek, and her fingers' ends are black with ink, and her shoes are not laced or buttoned up, or her apron is dirty, and her collar not buttoned, and her skirt is torn, she cannot be liked. Learn to be neat and when you have learned it, it will almost take care of itself.

o o o

It is only too true that to refrain from showing affection makes the wife miserable. She does not care for presents or lavish attention; she wants those little tokens such as they may be given in a look, which will prove her husband's love. We wish that some of the good things that men are saving up to say concerning their wives after they are dead could be said now. A man will spend \$25 to buy cut flowers for his dead wife's coffin, when if he had spent 25 cents for a bunch of flowers for her when she was alive, she would have fainted. You wait until she is dead and then get some preacher to tell how good she was.

#### A Hint For The Kitchen.

Here's my wife's recipe for salt-rising bread, which she is anxious to have her good cook friends try. Mrs. Almeyer has been experimenting along the bread line for a number of years and thinks she has the salt-rising proposition down fine, and I am ready to agree with her, for the piece brown fleecy loaves Mrs. A. has been producing since her recent discovery certainly do sit well on the "innards" of yours truly. Here's the latest formula: Slice two medium potatoes (thin), add to them two tablespoonfuls of cornmeal, one teaspoonful of sugar, one scant teaspoonful of salt; pour over this two pints of boiling water and set in a warm place over night. This should be made at noon. In the morning stir this up well and strain off what you want of the liquid, add one scant teaspoonful of soda and one-half teaspoonful of salt. Thicken to a stiff batter with flour and set in a warm place to rise. When risen take one pint of water and one teaspoonful of lard. Mix and make into the loaves. Fill pans half full and let come well to the top. Bake fifty minutes. This will make four loaves. Do not make so stiff as yeast bread knead so long.

#### A Reliable Remedy

## DEMOCRATIC TICKET.

For President,  
WILLIAM J. BRYAN,  
of Nebraska.

For Vice President,  
JOHN J. KERN,  
of Indiana.

## Announcement.

## FOR CONGRESS.

EDGAR B. HAGER, of Ashland, Boyd county, is a candidate for Congress, subject to the action of the Democratic party.

JAMES N. KEHOE, OF MASON, Announces his candidacy for Congress in 9th District, subject to the action of the Democratic Convention to be held August 5th, 1908.

The Republican Congressional Committee is offering a reward for the best excuse as to "Why the Republican party should be successful in November." Here is a chance for those who like to worry their heads with conundrums.

West Virginia Republicans have nominated two State tickets. Both Swisher and Scherr are nominees for Governor. One set of nominees calls the other the "Machine-made" ticket and this one calls that the "Boiler's" ticket. The party is torn wide open by local strife in many places as well as by State troubles. The remedy is to elect a Democratic ticket and cure all ills and bring about harmony.

The State Agricultural Department has made a regrettable blunder in starting the Farmers' Institutes so early in the year, and while the farmers are busiest. Lawrence county never before allowed an institute to be a failure. The lecturers who came here were told that this would be their best institute for Eastern Kentucky. Of course they were disappointed when there was absolutely no attendance. No institute should be held before August.

For the third time Wm. J. Bryan has been nominated by the Democrats of the United States for President, and his chances are so much better than ever before that his election is predicted on all sides. The labor vote is for him and capital is no longer afraid of him. He is now a thoroughly mature statesman. The years that have passed since his first nomination have broadened and mellowed him. Mr. Bryan is safe and sane and has a conservative platform upon which to make this race. Also, the country has learned that he is not dangerous, but that he is about the greatest thinker of the day. The Vice President candidate is John J. Kern, one of Indiana's best lawyers and most popular Democrats. It is believed he can carry the State.

## Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.

Made by the J. C. Ayer Co., Lowell, Mass.

As will be seen by cards published in this issue, the race for the Democratic nomination for Congress in this district is now between Edgar B. Hager and James N. Kehoe. Kitchen and Lawrence have both withdrawn.

Rev. Henderson, assisted by Revs. Elsea and Miers, is holding a series of tent meetings in Louisa. The tent is located on the public school grounds. The attendance has been quite good.

FOR SALE.—House and lot in Louisa, five rooms and bath, gas and water, everything in good repair. Corner lot, desirable location. Apply to C. T. Rule, Paintsville, or M. F. Conley, Louisa.

## Webbville.

Your writer spent the Fourth in your town and had one of the most pleasant days of his life and saw and shook hands with over 200 old friends, playmates and schoolmates that he had not met for several years. It was the quietest, nicest and best Fourth of July of his life. Suppose there were about 2000 people there and not a harsh word, nor a drunk man nor any one I saw under the influence of whiskey, and if every one did not enjoy it, it was his own fault, for I never saw just as sociable people as the Louisa people always are. Everybody's house open to everybody to eat or rest. Every person's stable open for country people's horses. Ice water on every corner for every body and if every one did not get enough to eat it was his own fault. I think I ate five meals that day in different homes. Louisa people cannot be beaten for cleverness or anything else. Hurrah for Louisa and the people. I left there Monday morning at half-past five and drove to Webbville by 9:15 with my two granddaughters, Dorothy Webb nine years old and Mildred Farley, of Holden, W. Va., three years old, to spend the summer with her grandma and me. Found Webbville all alive with teams and men who had had their Fourth and started in to get back what they had spent. Several of the young people from here attended the circus at Willard. Charley Green, of Mhan, W. Va., is here.

Ticket Nominated By The National Democratic Convention at Denver.

Nebraska Sage Named Amidst Scenes of The Greatest Enthusiasm.

Denver, July 10.—William Jennings Bryan was nominated the third time for the office of president of the United States by the Democratic National Convention amid scenes of frenzied enthusiasm. The result came after an all-night session which was kept in a constant state of turmoil up to the eliminating moment when the Nebraska leader was proclaimed the choice of the convention as the Democratic standard bearer.

The nomination was made on the first and only ballot, the vote standing: William Jennings Bryan 592-1; Gov. John A. Johnson 46. Judge Gray 59-1-2.

The announcement for the vote was the signal for a wild demonstration, equalling in turbulence, if not in duration, the record breaking display which on Wednesday afternoon greeted the first mention of Mr. Bryan's name in the convention.

The scene within the amphitheater at the moment the nomination was made was one of stirring ambition. From pit to dome the vast building was packed with 10,000 people. It was a spectacle of grandiose proportions—tier on tier and gallery on gallery of ngitated forms, the women in white, the delegates masses below, many of them coatless, a myriad of fans fluttering to combat the stifling heat and close atmosphere of this long pent-up exuberant multitude, ever ready to spring into feverish outbreaks of enthusiasm, and everywhere the blaze of flame, hunting and patriotic devices and the enveloping folds of Old Glory.

Twice before the throng had been moved into a mad ecstasy, first by the speech placing the name of Bryan in nomination, and again when that of Governor Johnson of Minnesota, was proposed; but these manifestations paled before the culminating outburst of emotion. Before the Nebraska's actual nomination was made the whole assembly rose en masse, waving flags, handkerchiefs, newspapers, hats and coats, anything and everything which hands could lay upon to wave aloft or hurl into the air, while a bedlam of sound poured out from those 10,000 throats in exultant yells, cat-calls, Comanche war-whoops, with the added din of shrieking horns, the roar of megaphones, and the strains of the hand playing an exultant anthem.

When for a moment order could be secured out of this tempestuous chaos of demonstration, State after State which had at first recorded its vote for Johnson or Gray fell into line with the overmastering column, and the nomination was made unanimous and by acclamation.

The taking of the vote had been followed with breathless interest, as state after state swelled the Bryan strength. When New York was reached in the call of states the announcement of Chief Murphy "Seventy-eight votes for Bryan," brought out a wild outburst of enthusiastic approval, which for a time compelled the suspension of the roll call.

Alabama, the first state on the roll call, yielded to Nebraska, the home state of Mr. Bryan, whose spokesman, the youthful orator, Ignatius J. Dunn, of Omaha, advanced to the platform. He spoke in a good voice and with great earnestness to a sympathetic audience, which greeted each utterance of tribute to the Nebraska leader with demonstrative evidence of approval. His concluding passage was a fervid tribute to the commoner, as the intrepid leader who had borne aloft the battle scarred flag of Democracy through the campaigns of 1896 and 1900, with the devotion and faith of the crusaders of old days, "America's great commoner, Nebraska's gifted son, William J. Bryan."

This was the signal for a long continued uproar, revealing in intensity and duration the demonstration of Wednesday, which lasted 1 hour and 26 minutes. Again the whole assembly was fashed into a fury of excitement. The delegates seized the states' standards and gathered them on the presiding officer's platform, while the galleries broke into tumultuous clamor. The demonstration lasted upward of 45 minutes. At times it assumed such proportions of madness as the excited throngs rushed through the aisles toward the platform that there was serious dan-

ger of panic. Men and women were bowled over in the mad-rush of flag-bearing enthusiasts. One woman fainted and was carried from the hall.

The nomination of Governor Johnson, of Minnesota, precipitated another whirlwind of excitement, if not so long sustained, hardly less enthusiastic than for Bryan. The delegation from Minnesota standing on their chairs and waving flags, handkerchiefs, hats and anything that could be waved, were the storm center of the demonstration, while groups of scattered delegates here and there lent their energies to those of Minnesota. The galleries too, seemed to contain an ample supply of Johnson enthusiasm, and on every hand the waves of Johnson demonstration swept back and forth from end to end through the great building.

The Gray nomination also received its full share of enthusiastic approval, although the nominating speech of Irving L. Handy of Delaware was frequently interrupted by the impatient crowd, and finally by the arrival of the committee on resolutions.

It was after midnight when the nominating speeches were temporarily suspended to receive the report of the resolutions committee. Governor Haskell of Oklahoma, chairman of the committee made the report.

The platform was adopted by a rousing unanimous vote.

## Bryan's Statement.

Lincoln, Neb., July 10.—The following statement was made by William J. Bryan when he received announcement of his nomination as the candidate of the Democratic party for president:

"The presidency is the highest official position in the world and no one occupying it can afford to have his views upon public questions biased by personal ambition. Recognizing this responsibility to God and his obligation to his countrymen, he should enter on the discharge of his duties with singleness of purpose. Believing that one can best do this when he is not planning for a second term, I announce now, as I have on former occasions, that if elected I will not be a candidate for re-election. This is a nomination as purely from the people as can be, and if elected my obligation will be na purely to the people. I appreciate the honor more because it came not from one person or a few persons but from the rank and file acting freely and without compulsion.

"I am very much pleased with the platform. It is clear, specific and strong, and I am grateful to the convention for the work it has done in stating the issues I am sure that the platform will greatly strengthen as in the fight we are entering."

## JOHN W. KERN.

Denver, July 10.—At the final session Friday of the Democratic convention, Hon. John W. Kern, of Indiana was nominated for vice president by acclamation. His name was presented to the convention by Delegate Marshall and was seconded by a host of delegates, including Governor Folk of Missouri, Charles A. Towne, of New York, Clark Howell of Georgia, and Archibald McNeill, of Connecticut were also placed in nomination.

As the call of states proceeded it soon became evident that the Indiana man would land. The names of Towne, Howell and McNeill were withdrawn and Kern was nominated by acclamation.

## THE PLATFORM.

### Declaration of Principles Adopted By National Democratic Convention.

The national Democratic convention adopted the following declaration of principles:

We, the representatives of the Democracy of the United States, in national convention assembled, reaffirm our belief in and pledge our loyalty to the principles of the party.

We rejoice at the increasing signs of an awakening throughout the country. The various investigations have traced graft and political corruption to the representatives of predatory wealth and laid bare the unscrupulous methods by which they have debauched elections and preyed upon a defenseless public through the subservient officials whom they have raised to place and power.

The conscience of the nation is now aroused to free the government from the grip of those who have made it a business asset of the favor-seeking corporations; it must become again a people's government, and be administered in all its departments according to the Jeffersonian maxim: "Equal rights to all, special privileges to none."

"Shall the people rule?" is the overshadowing issue which manifests itself in all the questions now under discussion.

#### Officeholders.

Coincident with enormous increase in expenditures is a like addition to the number of officeholders. During the past year 23,784 were added costing \$16,156,000, and in the past six years of the Republican administration the total number of new offices created, aside from many commissions, has been 99,319 entailing an additional expenditure of nearly \$870,000,000, as against only 10,279 new offices created under the Cleveland and McKinley administrations, which involved an expenditure of nearly \$6,000,000. We denounce this great and growing increase in the number of officeholders as not only unnecessary and wasteful, but also as clearly indicating a deliberate purpose on the part of the administration to keep the Republican party in power at public expense by thus increasing the number of its retainers and dependents. Such procedure we declare to be as less dangerous and corrupt than the open purchase of votes at the polls.

#### Economy in Administration.

The Republican congress in the session just ended has made appropriations amounting to \$1,008,000,000, exceeding the total expenditures of the past fiscal year by \$90,000,000, and leaving a deficit of more than \$60,000,000 for the fiscal year. We denounce the heedless waste of the people's money which has resulted in this appalling increase as a shameful violation of all prudent conditions of government. It is not surprising that, in the face of this shocking record, the Republican platform contains no reference to economical administration of promise thereof in the future. We demand that a stop be put to this frightful extravagance and inale upon the strictest economy in every department compatible with frugal and efficient administration.

#### Misuse of Patronage.

We condemn, as a violation of the spirit of our institutions, the action of the present chief executive in using the patronage of his high office to secure the nomination of one of his cabinet officers. A forced succession in the presidency is scarcely less repugnant to public sentiment than is life tenure in that office. The right of the people to freely select their officials is inalienable and can not be delegated.

#### Home Rule.

We assert our confidence in and admiration for the wisdom of the fathers in so organizing the federal government as to secure home rule to the people of each state; and we pledge ourselves to combat with unceasing vigilance the efforts of those who are striving by usurpation to seize the power of the people of the states for exploitation by the federal government.

#### Tariff.

We welcome the belated promise of tariff reform affected by the Republican party in tardy recognition of the righteousness of the Democratic position on this question; but the people cannot safely entrust the execution of this important work to a party which is so deeply obligated to highly-protected interests as the Republican party. We call for the significant fact that tariff relief was postponed after the coming election—

Republican party must have the same support from the beneficiaries of the high protective tariff as it has always heretofore received from them; and to the further fact that during the years of uninterrupted power, no action whatever has been taken by the Republicans congress to correct the admittedly existing tariff inequities.

We favor immediate revision of the tariff by the reduction of import duties. Articles entering into competition with trust controlled products should be placed upon the free list; and material reductions should be made in the tariff upon the necessities of life, especially upon articles competing with such American manufactures as are sold abroad more cheaply than at home, and graduate reductions should be made in such other schedules as may be necessary to restore the tariff to the revenue basis.

#### Trusts.

A private monopoly is indefensible and intolerable. We therefore favor the vigorous enforcement of the criminal law against trust magnates and final law against trust magnates and officials, and demand the enactment of such additional legislation as may be necessary to make it impossible for a private monopoly to exist in the United States. Among the additional remedies, we specify three: First a law preventing a duplication of directors among competing corporations; second, a license system which will, without abridging the right of each state to create corporations or its right to regulate as it will foreign corporations doing business within its limits, make it necessary for a manufacturing or trading corporation engaged in interstate commerce to take out a federal license before it will be permitted to control as much as 25 per cent of the product in which it deals, the license is to protect the public from watered stock and to prohibit the control by such corporations of more than 50 per cent of the total amount of any product consumed by the United States; and a third law compelling such licensed corporations to sell to all purchasers in all parts of the country on the same terms, after making due allowance for cost of transportation.

#### Railroad Regulations.

We assert the right of congress to exercise complete control over interstate commerce and the right of each state to exercise like control over commerce within its borders.

We demand such enlargement of the powers of the interstate commerce commission as may be necessary to compel railroads to perform their duties as common carriers and prevent discrimination and extortion.

We favor the efficient supervision and rate regulation of railroads engaged in interstate commerce, and to this end we recommend the valuation of railroads by the interstate commerce commission, such valuation to take into consideration the physical value of the property, the original cost of reproduction and all elements of value that will render the valuation fair and just.

We favor such legislation as will prohibit the railroads from engaging in business which brings them into competition with the shippers; also legislation which will assure such reduction in transportation rates as will permit, rare being taken to avoid reductions that would compel a reduction of wages or do injustice to legitimate investments.

#### Banking.

The panic of 1907, coming without any legitimate excuse, when the Republican party had for a decade been in complete control of the government, furnishes additional proof that it is either unwilling or incompetent to protect the interests of the general public. It has so linked the country to Wall street that the sins of the speculators are visited upon the whole people. It has used an emergency for which it is largely responsible to force through congress a bill changing the basis of bank currency and inviting market manipulation, and has failed to give to the \$5,000,000 depositors of the country protection in their savings.

We believe that insofar as the needs of commerce require an emergency currency should be issued, controlled by the federal government and loaned on adequate security to national and state banks. We pledge our selves to legislation under which national banks shall be required to establish a guarantee fund under an equitable system which shall be available to all state banking institutions wishing to use it.

We favor a postal savings bank if the guaranteed bank can not be secured, and that it be so constituted as to keep the deposited money in communities where it is established. But we condemn the policy of the Republican party in proposing postal savings banks under a plan of conduct by which the will aggregate the deposits of rural communities and deposit the same while under government charge in the banks of

Wall street, thus depleting the circulating medium of the producing regions and unjustly favoring the speculative markets.

#### Labor and Injunctions.

Experience has proven the necessity of a modification of the present law relating to injunctions and we reiterate the pledge of our national platform of 1896, but which a Republican congress has ever since refused to enact, relating to contempt in federal courts and providing for trial and jury in cases of indirect contempt.

Questions of judicial practice have arisen, especially in connection with industrial disputes. We deem that the parties to all judicial proceedings should be treated with rigid impartiality, and that injunctions should not be issued in any cases in which injunctions would not issue if no industrial disputes were involved.

We favor the eight-hour day on all government works.

We pledge the Democratic party to the enactment of a law by congress, as far as the federal jurisdiction extends, for a general employers' liability act covering injury to body or loss of life of employees.

#### Philippines.

We condemn the experiment in imperialism as an inexcusable blunder which has involved us in enormous expense, brought us weakness instead of strength, and laid our nation open to the charge of abandoning a fundamental doctrine of self-government. We favor an immediate declaration of the nation's purpose to recognize the independence of the Philippine islands as soon as stable government can be established, such independence to be guaranteed by us as we guaranteed the independence of Cuba, until the neutralization of the islands can be secured by treaty with other powers. In recognizing the independence of the Philippines our government should retain such hand as may be necessary for coaling stations or naval bases.

#### Telegraph and Telephone.

We pledge the Democratic party to the enactment of a law to regulate the rates and service of telegraph and telephone companies engaged in the transmission of messages between the states under the jurisdiction of the interstate commerce commission.

#### Popular Election of Senators.

We favor the election of United States Senators by direct vote of the people and regard this reform as the gateway to other national reforms.

#### Asiatic Immigration.

We favor full protection by both national and state governments within their respective spheres, of all foreigners residing in the United States under treaty, but we are opposed to the admission of Asiatic immigrants who run not be assimilated with our population, or whose presence among us would raise a race issue and involve us in diplomatic controversies with oriental powers.

#### Waterways.

Water furnishes the cheapest means of transportation and the national government, having control of the navigable waters should improve them to their fullest capacity. We earnestly favor the immediate adoption of a liberal and comprehensive plan for improving every water-course in the Union, which is justified by the needs of commerce, and, to secure that end, we favor when practicable the connection of the

### OUR NEIGHBORS.

The widow of Dr. Montmoulin died at Ashland Monday night.

Williamson, W. Va., July 11.—Garland Martin, aged 17, an employee at the pumping station on the yards, met with an untimely death. He was riding on the rear of the yard engine which backed into a car that had no draw head. Having his face toward the engine he was unable to see the car and in less time than it takes to tell the engine crushed into the car catching the young man in a crushing blow into jelly. His body was removed to the Y. M. C. A. Hospital where he lingered until 9 p. m.

The U. S. Authorities have been receiving bids to furnish sites for government buildings in many Kentucky cities:

For a site at Ashland the bids are: T. B. Bradley, southeast corner Winchester avenue and Fourteenth st., \$6,150.

Hebe Y. Finary, property adjoining the above, \$5,150.

E. J. Norton, southwest corner Winchester avenue and Fourteenth street, \$12,000, plus paving debt.

A. H. Savage, two bldg. Carter Avenue and Fifteenth street, \$12,000, and northwest corner Carter Avenue and Sixteenth street, \$12,000.

Earl R. Sheppard, corner Carter Avenue and Fifteenth street, \$10,500. Mrs. M. V. Young, northwest corner Winchester Avenue and Twenty-first street, \$25,000.

John Murphy and R. D. Carlin, Thirteenth street and Greenup Avenue \$13,500.

The following sensational article is from Sergeant, Ky., and we do not vouch for the truth of it, as the items that come from there are often less than the truth:

Sergeant, Ky., July 10.—Full details of the moonshiners' battle on Beaver creek, on the Knott-Letcher county border, has just been received here. Acting under orders from the Government, Deputy Collector Samuel Collins and a detail of ten men, with United States Marshal F. M. Hiner, went into the Beaver creek section to hunt out the trio of desperate moonshiners whom they had recently clashed with in a pitched battle.

They were ordered to bring them in, dead or alive. The three men were Ben Mullins, Bud Hall and another man named Hall. When demanded to surrender, Bud Hall made a rush for his Winchester, when a volley from the officers' posse felled him to the ground. Rising, a second volley brought him down again, and still a third, the fatal volley, Hall dying immediately. The other Hall was mortally wounded and will die. Then Mullins put up his hands and gave up. The officers' posse then riding to the nearest retail store purchased a fine suit of burial clothes for the dead man and arranged a nurse for the wounded. They brought Mullins to the Whitesburg jail under heavy guard.

Three weeks ago a raid in that section brought on a desperate battle with the trio of moonshiners, resulting however, in the serious wounding of one of them, while Marshall Blair was slightly wounded.

### Heart Strength

Heart strength, or Heart Weakness, means Nervous strength, or Nervous Weakness—nothing more. Poorly, and one weak heart in a household is a real calamity. It is almost always a hidden Ray little nerve that really is all at fault. The chronic nerve—the Cardiac, or Heart Nerve—dearly needs, and must have, more power, more ability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative is so in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, aching, the heart distress. Dr. Shoop's Restorative—this popular preparation—is aimed directed to these small and weak nerves control. It builds, strengthens, it clears real, genuine heart help. If you would have strong heart, strong action, strengthen these nerves—strengthen them as needed, with

## GOOD CLOTHES

### Do Not Make the Man, But

You are mainly judged by appearance. If you dress shabbily, you effect a lack of refinement, taste and worth. Do not foolishly think it is economical to wear an out-of-season suit because your friends in the business and social world do not approve that kind of economy. A good suit of clothes is an investment, which will pay you big dividends in prestige, respect and admiration. All these are worth having and the trifle you think you are saving by hanging on to a thread-bare, shabby suit is really a loss. In spite of a financial depression clothing is better in quality, style, fit and finish than it ever has been. Take advantage of the reasonable, economical prices which obtain here and dress well. It pays in the long run to have a good wardrobe. Do not be an exception.

Come into our store when you are in need of clothing which counts for something in quality. There is distinction to our clothing and every garment is a paragon of excellence. We can supply your needs in furnishings. Try us if you would have entire satisfaction.
